2016 Love-Struck Viognier

Handpicked grapes were pressed whole cluster, creating richer expressive fruit flavors and preserving the delicate floral flavors. Barrel fermentation, along with the use of four distinctly different yeast types create complexity, body and a huge spectrum of fruit flavors. Extended aging on the fermentation lees leads to creaminess and brings the aromas and flavors into balance. The Idea behind this wine is to create an aromatic, romantic wine with elegance using tried and true old world techniques.

Our **first ever** all estate grown and bottled Viognier from **Bergevin Springs VY**. After admiring the bright pale yellow color, your senses are aroused by aromas of citrus, flowers, orange blossom, honey, & spice, so nice! The mouth-watering acidity of the first sip is quickly countered by a viscous mid-palate - a weight and balance very common to great Viogniers. Flavors of dried apricots and a whiff of white pepper are both youthful and fresh, and very complex, which makes it a very food-friendly, summer-friendly wine; Pair with Crab Cakes, Lobster Eggrolls, or apricot cheesecake.
