2018 Linen Sauvignon Blanc

Affordability never tasted so good!

We carefully pick grapes at ultimate ripeness for correct balance of sugar, acid and over all flavor. The grapes are pressed off of their stems and cold settled which creates crisp, fruity flavors in the wine. The juice is then fermented in 100% stainless steel to resulting in fresh citrus, crisp peach and pear flavors. The goal is to make this wine as aromatic as possible.

Straw yellow in color with crisp, citrus, peach and pear aromatics that make your mouth water. Arm wrestle your friend for the first glass and your kisser will be rewarded with flavors of grapefruit, peach, and pear with whispers of tangerine and lemon. This light to medium bodied sauvignon blanc delivers a second wave of flavors including white pepper and green apple.
