2019 Linen Rosé

100% Bergevin Springs Estate Vineyard

Affordability never tasted so good!

Our rosé wine is made using the saignée method. The juice is in contact with the skins for approximately twelve hours. This method gently extracts tannins. When we obtain the desired color and flavor the juice is bled off into neutral oak barrels. Our rosé finishes fermenting in barrels and is kept in separate lots until blending before bottling.

Copper River King Salmon in color with aromatics of watermelon, strawberry and red apple. Your palate will be delighted with flavors of papaya, peach, watermelon and kiwi. Warning—our rosé will make you want to , “Rosé the day away!”

LINEN

ROSÉ WINE

33.3% CABERNET SAUVIGNON,
33.3% MALBEC, & 33.3% MERLOT
